

Viroqua Area Schools, Wisconsin

Superintendent Search (deadline May 27, 2020)

Application Questions

Each applicant who applies to the Viroqua Area Schools Superintendent Search is required to write a one-page answer to each of the following questions. Applicants will then upload a PDF of their answers through the WASB Search Services Portal during the application process. For information about the Portal, visit our [Application Process webpage](#).

Meanwhile, you may get a head start on writing your responses to the following questions.

1. How will you develop trust and culture with your staff, students, and the community? Describe how you see your level of engagement with our schools as well as the Viroqua community. If we ask people in your present position about your commitment to the students and community, what are they likely to tell us?
2. In light of the COVID-19 pandemic, education has changed in many ways. If students and teachers are able to start the school year in our buildings, how will you address the following:
 - the broader differences in academic levels of knowledge of our students, and
 - the concerns of group gatherings, social distancing, and emotional and developmental well-being of staff and students?
