

Platteville School District, Wisconsin

Superintendent Search (deadline December 6, 2026)

Essay Questions

Each applicant who applies to the Platteville School District Superintendent Search is required to write a one-page answer to each of the following questions. Applicants will then upload a PDF of their answers through the WASB Search Services Portal during the application process. For information about the portal, visit our [Application Process webpage](#).

Meanwhile, write responses to the following questions.

1. Describe your leadership style and provide concrete examples of how you have established strong, trusting relationships across a diverse school community. Specifically, how will you ensure a visible and consistent administrative presence that spans from our earliest learners at Neal Wilkins Early Learning Center and Westview Elementary to our older students at Platteville Middle and Platteville High School?

Furthermore, how have you previously leveraged regional assets—such as municipal leaders, local business partnerships (e.g., Southwest Health, HyPro), and higher-education partners like the University of Wisconsin-Platteville and Southwest Technical College—to build community confidence, engage historically underrepresented groups, and foster a unified district identity?

2. Describe your fiscal management skills and your experience navigating the complex realities of Wisconsin school finance, particularly regarding state revenue limits and resource allocation. How have you successfully built and explained an operational budget to school constituencies so that taxpayers understand its direct connection to student learning?

In your response, detail how you would use data, accountability frameworks, and regional workforce/educational pathways to ensure fiscal resources are equitably and strategically deployed to support the unique academic and inter-personal and intra-personal skills development for our district students at all grade levels.
